Business Concept

- **Service:** Moving assistance for students who live on campus
- **Accessibility and Support Services:** Students who lack transportation, physical assistance, or local support
- **Primary Customers:** Freshman, international students, and out-of-state students
- **Business Hours:** Primarily during moving week
- **The Focus of Management Decisions:** Scheduling labor, coordinating logistics, ensuring safety and accountability, maintaining service quality during peak hours

Customer Value Proposition

- Convenient
- Affordable
- Reliable

Compared to traditional moving companies, it is not only cheaper, but also more reliable. Workers will be the students who also go to Rutgers. They are more familiar with the campuses. In addition, they know the housing layouts, moving schedules, and parking restrictions better.

Value Statement, Mission Statement, and Core values

Vision Statement	Smooth college moving services with reliable assistance.
Mission Statement	By students, for students. To provide affordable, reliable moving services that make campus transitions easy.
Core Values	1. Reliability: Show up on time, prepared to work 2. Affordability: Reasonable price to all students 3. Efficiency: Familiar with housing layouts and schedules 4. Customer Focus: Prioritize customer needs 5. Collaboration: Work together as one student community

Financial and Strategic Objectives

Financial Objectives	Strategic Objectives
Raise annual net income by 20% by the end of the next academic year, as incoming class size grows and demand for move-in services increases.	Achieve at least a 30% repeat customer rate between moving periods within the same academic year, by delivering reliable service that encourages satisfaction, trust, and continued use of our services.
Increase companies profit margin by 10% within the first two years by expanding services that offer bigger bins at a higher cost, as well as priority scheduling with an additional fee.	Recruit, train, and retain at least 40 student employees before the first major move-in period to ensure full service coverage during peak demand weeks.
Generate close to \$60,000 in total revenue through move-in and move-out services during the first academic year including both fall and spring moving periods.	Achieve a 70% customer satisfaction rating by gathering feedback through surveys after every move in period and using that data to continuously refine and improve our move-in process.

Corporate Social Responsibility Key Initiatives and Rationale

CSR Initiatives	Rationale
Provide safety training and basic insurance coverage for all workers	1. Protects employees 2. Responsibility for employees engaged in physically demanding work
Sustainable Sourcing/Waste reduction	1. Reduce waste and negative environmental impact → More sustainable and environmentally responsible
Coordinate closely and collaborate with university housing to reduce congestion and improve move-in efficiency	1. Reduce traffic congestion 2. Reduce long wait times 3. Minimize disruption to surrounding communities

New Product/Service

New Service: Furniture Rental Services

The service allows students to rent items such as mini fridges, fans, heaters, and basic furniture for short-term use. It is designed for students who do not want to purchase or transport large items during short stays.

It adds value by increasing convenience, reducing moving burden, and generating additional revenue without replacing our core moving services.

National Expansion Decision, Approach, and Rationale

National Expansion Decision	National Expansion Approach
Yes	Raise Capital
Our business will expand nationally because the model is scalable and transferable to other college campuses. Many universities have similar moving needs, especially during move-in and move-out periods.	Raising capital allows us to maintain full control over operations and ensure service quality. Although growth may be slower at first, it provides long-term benefits and consistent brand management.

Evaluation, Recommendation, and Rationale for International Expansion

Selected Country: Australia	Challenges	Recommendation	Rationale
Opportunities • Large student population (international + domestic) • Strong and stable economy • Supportive business environment	• High labor and operating costs • Strict regulations and compliance • Strong local competition	• Expand into Australia	• High demand from student market fits our service • Long-term growth potential outweighs higher costs • Our business model can adapt to local conditions

Expansion Strategy, Entry Strategy, and Rationale

Expansion Strategy: Combination (Global + Local)	1. Global: Maintain core service model and brand 2. Local: Adapt pricing and operations
Entry Strategy: Do-it-yourself	1. Funded internally 2. Full control over operations
Rationale	1. Ensures service consistency 2. Allows flexibility in local market 3. Supports long-term growth

Designing, Developing, and Recruiting Key Jobs

Key job selected	Operations coordinator
Responsibilities	1. Control quality and inventory 2. Handle customer complaints 3. Report operating data

Announcement

Dear RU Ready Team,

We hope you are all doing well.

Recently, two of our team members made the decision to step away from their roles. We appreciate the time and effort they contributed and wish them the best moving forward. While we respect their choices, we also see this as an opportunity to reflect and continue improving as a management team.

At RU Ready, we value every member of our organization and are committed to creating a workplace that is supportive, motivating, and rewarding. Moving forward, we plan to introduce several initiatives aimed at strengthening our team culture. These include performance based bonuses during peak seasons, increased scheduling flexibility, employee recognition programs, and expanded training opportunities.

Your contributions are essential to our success, and we are dedicated to building an environment where everyone feels valued and supported. We welcome any feedback or suggestions as we continue to grow.

Thank you for your continued commitment to RU Ready.

Sincerely,

RU Ready

Improvement Initiative

Our team chose to focus on improving **effectiveness** by:

- Standardizing training procedures for proper handling & customer communication
- Revising scheduling process to reduce delays & match labor availability
- Implementing a pre-move checklist system to ensure equipment and team readiness
- Increasing overall service reliability and consistency
- Driving higher customer satisfaction and retention

Recommendation and Rationale Regarding the Sale of the Business

Recommendation to Sell: No

Rationale: Long-term risks > Short-term benefits

- Although the sale of the business will result in great value to the shareholders, the new owners may lack the required experience to effectively run our business, which negatively impacts the future success of the business.
- Selling the business could lead to many employees eventually losing their jobs, as well as potentially harming relationships with business partners.
- Maintaining ownership of the business will ensure that current management is able to run the business responsibly while protecting the employees, and maintaining the trust of both the community as well as business partners.

Summary

Achievements:

- Affordable and reliable move-in/move-out service for Rutgers students
- Solve transportation, lifting, and support challenges for students
- Create value through convenience, campus knowledge, and trusted workers
- Growth opportunities including furniture rentals and expansion plans
- Focused on customer satisfaction, efficiency, and strong management

Summary

Final Impact:

- Positioned for long-term growth with a scalable business model
 - Prioritizes safety, sustainability, and service quality
 - Employee motivation helps improve performance and retention
 - Maintaining ownership protects company culture and trust
 - RU Ready helps students begin college with less stress and more support
